

**Writing to share this year's results and it's truly another staggering haul from our teams! You all are truly selfless, amazing human beings.** Our island needed you and YOU answered the call! Many thanks from the bottom of our hearts! Thanks to your efforts, this Island is a lot cleaner but more importantly, we have gathered valuable data that we can use to combat litter, because our work is far from over!

**FAVOR: MAP YOUR LITTER SPOTS!** Please add the spots to this map link that you cleaned (and please indicate with the color markers either green for "all clean", yellow for "needs more work" or red with "area needs help!") with your team name, amount and date. I'm hoping this could be a great way to keep track of where has already been visited and when and to identify the island's problem spots. Share your spots here: <http://getethermap.org/m/nantucket-litter-derby-clean-up-spots>

**\*\*\*DO YOU HAVE IDEAS ABOUT HOW WE CAN IMPROVE?**  
Great! Let us know here: <https://forms.gle/5yU5Ms4EqwtTPMw46>

Thanks again and Happy Earth Month!

Leah and the NLD Team!
