

# BLOOMING BIDS FOR NANTUCKET'S KIDS

## 2022 Blooming Bids FAQs

### Blooming Bids

Now in its 22nd year, Blooming Bids supports behavioral health care for children and adolescents on Nantucket. Blooming of all kinds is celebrated, from the blooming of children to the blooming of the island's flowers. Our silent auction's signature feature is the wide range of **one-of-a-kind planters** designed and donated by professional gardeners and landscapers, and many skilled hobbyists. Non-planter items are also up for auction, including sought-after items to special experiences.

### It's our Birthday!

This year, Blooming Bids is part of a year-long celebration of 60 years of Fairwinds providing mental health and recovery services on Nantucket, regardless of barriers.
